Commis Chef Apprenticeship

KAARMA UK LTD

Location: Redruth

Salary: £248/week

Would you like to be part of the new and exciting Kaarma experience. At Kaarma, we produce and deliver the finest Indian Cuisine using fresh, local and the best Ingredients, nature has made available to us. Level 2 Commis chef.

We use local milk to produce our own Indian Cheese (Paneer), Greek Yoghurt (used in most of our Marinades) and Ice-creams (Our Dessert) and these form the very basis of our Authenticity in our dishes. At Kaarma we use fresh herbs to make our own Chutneys and Sauces and all of our Spices are roasted, blend and mixed in house. This enables us to maintain and deliver quality dishes time and time again. Our aim is to deliver you with the best of the best in Indian Cuisine from your favourite Onion Bhajis to the finest of the Curries and Biryanis.

Duties including:

- To prepare and present food for the range of services including Delivery, Click Collect and Pre-Order Services
- To actively follow the food hygiene regulations ensuring food is adequately protected from contamination and to maintain daily temperature check records, allergens segregation, spice mix and marinating processes
- To be responsible for weekly stocktaking, including Stock Rotation and Date Labelling/Allergen Sequencing, Colour Coding of Products (Raw, Finished and Other Related)
- To assist other team members as and when required and to ensure the Click & Collect counter is always clean and tidy at all times and that all signs and other related collateral is on display (COVID19 & Other Related Signs)
- To maintain a high standard of cleanliness and hygiene of your work area and equipment plus other cleaning duties in and around the kitchen & premises as allocated by Chef/S
- To assist with preparing, mixing spices, marinating, chilling, reheating and packaging food according to the daily business and production needs.

Hospitality Team Leader Apprenticeship

KFC

Location: Penzance

Salary: £267.60/week

Have you got what it takes to be the Colonel's next apprentice? This is a fantastic opportunity for the right candidate.

It's our 'other' SECRET. The colonel has taught us that there is a Right Way to do things. It isn't always easy, but it's always better. We lead with the heart and we Care Hard about making our team members feel part of the family and have fun while we are at it. We're a people business that happens to serve chicken and chips.

A career with KFC offers much more than just fantastic earning potential. You'll receive comprehensive training and excellent opportunities to grow your career.

As a Team Leader you will be the Restaurant General Manager (RGM) "wingman" or woman supporting the RGM with leading and developing a diverse team and culture within the restaurant. We encourage you to be your own authentic self, whom may love Chicken & Chips, but above all else, you will have a guest first mindset with the autonomy to run the restaurant as if it were you own.

At KFC you will be working towards a Hospitality Supervisor Outlets Level 3 Apprenticeship standard over the course of 15-months.

Trainee Assistant Practitioner (progressing to Assistant Practitioner after qualifying)

Royal Cornwall Hospitals NHS Trust
Location: x3 sites in Cornwall
Salary: n/a

An exciting opportunity has arisen in the Fracture Clinic for a trainee Assistant Practitioner. We are looking to attract an individual who is interested in working in an outpatient area undertaking wound care and investigations for patients with Trauma and Orthopaedic injuries. The correct applicant should also be interested in training to become a plaster Technician which will enable them to work within a dual role across RCHT and 3 peripheral sites.

You will study under an apprenticeship and the Plaster Technician training will be incorporated into the final year as area specific training. This will include travelling and being away from home for 5 consecutive weeks, there will be a written and practical exam at the end.

The right candidate will need to have drive and enthusiasm to undertake the studying required and to have a flexible approach to working. In return you will be joining a committed and friendly team who work hard to deliver high quality care to one of the busiest outpatient clinics in the hospital. The team are encouraged to develop interests within their chosen speciality area such as Safeguarding, diabetes and dementia. Innovation is promoted and wherever possible integrated into the clinic.

There is a good deal of autonomy with this post and therefore the applicant will need to demonstrate high levels of professionalism.

Apprentice Site Manager / Quantity Surveyor

Shared Apprenticeships South West (SASW)
Location: Redruth
Salary: Age relevant National Minimum Wage

For further information, use this link to book a place on a recruitment information event taking place at 4pm on 18th March [Cornwall Recruitment Drive for Technical Apprentices Tickets, Thu 18 Mar 2021 at 16:00 | Eventbrite](https://www.eventbrite.com/e/cornwall-recruitment-drive-for-technical-apprentices-tickets-121231231231)

If you would like a lifelong career in construction and to earn while you learn then an apprenticeship with Shared Apprenticeships will be perfect for you. We are currently recruiting for our 2021 intake of Apprentice Site Managers / Quantity Surveyors.

We work with top construction firms and are currently looking for willing construction technician apprentices in the specified area.

Successful applicants will be enrolled one of the following Apprenticeship Standards.

- Level 3 – Civil Engineering Technician – typical duration 36 months. - <https://www.instituteforapprenticeships.org/apprenticeship-standards/civil-engineering-technician/>
- Level 4 – Construction Design and Build Technician – typical duration 36 months. - <https://www.instituteforapprenticeships.org/apprenticeship-standards/construction-design-and-build-technician-v1-0>
- Level 4 - Construction Quantity Surveying Technician – typical duration 36 months. – <https://www.instituteforapprenticeships.org/apprenticeship-standards/construction-quantity-surveying-technician-v1-0>
- Level 4 – Construction Engineering Technician – typical duration 36 months. – <https://www.instituteforapprenticeships.org/apprenticeship-standards/construction-site-engineering-technician-v1-0>
- Level 4 – Construction Site Supervisor – typical duration 36 months. – <https://www.instituteforapprenticeships.org/apprenticeship-standards/construction-site-supervisor-v1-0>

Working with the main and the sub-contractors on site and supporting the management team you will learn all aspects of running a safe and productive construction site. In the first year you will gain a solid base in health, safety and welfare, preparing programmes and schedules of work and developing and maintaining working relationships alongside basics skills in estimating, planning, buying, surveying and site technical support. For more information on the Apprenticeship Standard please follow the links above.

Being employed by Shared Apprenticeships means you are guaranteed the opportunity to complete your apprenticeship with one or more of our host contractors. You will receive the national minimum wage for your age (which is higher than the national apprenticeship wage) and you will also get paid for your college day. At Shared Apprenticeships, your dedicated mentor is in place to help and guide you through your apprenticeship.

Duties may include, but are not limited to -

- Assisting the project management team in the running of a construction site
- Conducting site inspections with the site manager
- Working with estimators and surveyors
- Attending meetings with the project manager, site manager and other external parties

Multi-Skilled Engineering Apprentice (x2 positions available)

Saputo Dairy UK (Cornwall)

Location: Camelford PL32 9XW

Salary: £ 17250 per year

Saputo Dairy UK, a leading British food ingredients company, making market-leading brands including Cathedral City & Clover are recruiting for Engineering Apprentices. If you're self-motivated, interested in Engineering & the Dairy Industry and willing to live at college for some parts of the year, then this is an ideal opportunity for you.

A four- year academic and on the job apprenticeship to achieve the Food and Drink Multi-skilled Engineering Maintenance Apprenticeship level 3.

On successful completion, typically our apprentices will move into the shift engineering teams or day shift maintenance teams. In these roles, engineers have accountability for maintaining and improving a whole range of our production lines and processes with real accountability for driving efficiency and reliability of our assets/machines. They work with mechanical and electrical equipment plus automated programmable control systems. Our engineers need to maximise the benefits of the technology and equipment they work with and activities include routine maintenance, fault finding and diagnosis, testing and commissioning. Our engineers must also ensure that maintenance activities contribute to optimizing food and drink production levels.

Property Maintenance Apprentices (multiple vacancies)

Tesco

Location: Falmouth, Truro, St Austell, Bude, Plymouth

Salary: £20,000/year

Tesco Maintenance are recruiting for Property Maintenance apprentices. We are recruiting throughout South West England. You will spend 80% of your time in store, and the remaining 20% will be spent on off-the-job training.

At Tesco, our stores and offices could not function without the support of our Maintenance team. The primary role of a Property Maintenance Operative is to optimise the condition of our properties to a high standard, ensuring the building is safe at all times. Property Maintenance Operatives need to maintain a high level of quality and provide maximum satisfaction to colleagues and customers. They will learn and understand the mechanism of buildings; including electrical, plumbing, plant, safety systems and equipment. They will also deliver the first and immediate response to fault-finding; maximising quality, ensuring cost-effectiveness and delivering stores that serve Britain's shoppers a little better every day.

You will be responsible for

- Ensuring a safe environment for those who work and shop in Tesco stores and offices
- Complying with Tesco safety, policies and procedures
- Identifying hazards and reducing them
- Carrying out daily maintenance; including fire alarm testing, sprinkler testing, HVAC maintenance, building maintenance, electrical checks and checkout maintenance
- Building effective relationships with the store leadership teams, communicating clearly on tasks and managing expectations where necessary
- Ensuring assets are fixed in line with the agreed SLAs
- Using the systems available to accurately record work completed and describing work that needs to be escalated
- Working closely with internal service teams and external contractors
- Meeting the necessary legal and compliance standards
- Attending store meetings to ensure there is an understanding of maintenance issues and their level of urgency
- Being aware of the cost implications and ensuring the most effective and efficient fix

Location: Redruth

Salary: £217.46

Pall Aerospace is a global high technology product design and manufacturing business. We are looking to take on two Advanced Apprenticeship Design and Draughtspersons for 2021, to be based at our Portsmouth, Hampshire and Redruth, Cornwall facilities.

Pall Aerospace offer a bespoke Advanced Apprentice pathway into a career as a professional design engineer, with both practical on the job training and formal qualifications. This is a four-year programme that will see you spend time in both our manufacturing facility in Cornwall and design office in Hampshire.

Basic Training (1 year): Attend block release at SETA Ltd in Southampton, where you will experience all aspects of engineering principles and practices e.g. Fabrication, Fitting, Turning, Milling, Electrical/Electronics, Computers. In addition, you will commence a Level 3 Diploma in Engineering (formerly known as a BTEC/ONC qualification) or top-up existing modules as required.

Design Engineering (Years 2 and 3) Your second and third year training is designed to provide you with the expertise, confidence and ability to work within a variety of functions across the Aerospace business. This will be based at Pall Aerospace's Manufacturing facility in Redruth, Cornwall. As well as this opportunity to practice and extend skills acquired during basic training, you shall continue to submit work and be evaluated by SETA as part of your apprenticeship framework. You will also undertake a Higher National Certificate in Mechanical and Production Engineering at the Cornwall College in Camborne on a day release basis.

Your fourth-year training will be in the Design Office at Pall's Portsmouth facility - (Year 4). Here you will develop an understanding of design practices and techniques, applying the practical learnings gained in years 1 to 3 to the design of Aerospace equipment. You will also have opportunity to progress your HNC certificate to an HND / foundation Degree level through Alton College (University of Portsmouth) in Hampshire on a block / day release basis.

You will be expected to spend time at both Portsmouth and Cornwall locations. A living allowance is available for the years that you spend at the non-home location.

Closing date: 31 March 2021

Possible start date: 07 Sept 2021
