

IAG/Career Plan for Years 7-11 in 2018/19

Cornwall and the Isles of Scilly have evolved into a competitive and cutting – edge economic region. Our economy is expanding, companies are flourishing, and we are developing new systems and technologies that have the potential to change the way we work, live and do business.

Below are ten opportunities in Cornwall and the Isles of Scilly for public and private organisation to co-invest, drive business growth and help transform the UK economy.

Number 1: CREATIVE

The creative sector is a cultural and economic asset and it is growing twice the rate of the UK economy

Number 2: SPACE

From facilitating the Information Age to monitoring the Earth, satellites and space technology play a vital role in our present and our future.

Number 3: RENEWABLE ENERGY

Renewable energy is one of the fastest-growing sectors in the world

Number 4: AGRI –FOOD

The UK's export market for food and drink is in excess of £20 billion, and Cornwall and the Isles of Scilly are one of the regions driving the industry.

Number 5: TOURISM

Tourism contributes nearly £127 billion annually to the UK economy, with growth projected at 3.8% each year through to 2025.

Number 6: MARINE

As an island nation ha UK has a history of leading the way globally in marine innovation.

Number 7: MINING

The UK has a rich history, and now our technological expertise gives us an edge in the global market.

Number 8: AEROSPACE

In an increasingly globalised world, the UK needs to preserve and expand its aerospace offer to maximise internal and international travel.

Number 9: eHEALTH

Emerging technology offers a way to meet the challenge of an ageing society by revolutionising the healthcare system.

Number 10: LOCATION

Cornwall and the Isles of Scilly are a unique business environment, with assets and advantages that flow through all sectors.
