Art Students Inspired by Krowji

This week Future Stars students visited Krowji creative arts space and were inspired by the exciting work they saw and passionate artists they met. Students visited some of the 120 studio spaces used by a variety of creative makers, including a silver and enamel jeweller, some illustration and textiles

artists, furniture makers, painters and a potter. The makers

described their work, how they exhibit or sell their pieces and spoke about why they came to work at Krowji. It was a fantastic opportunity to see what possibilities could lie ahead for our talented student artists. A drink and some biscuits in the Melting Pot café topped off an inspiring visit and left them all planning their next trip!

Duke of Edinburgh Awards

World Record Holder, Peter Bray was the speaker at the Duke of Edinburgh Awards held on 5th February. Students were thrilled to hear of his adventures across the years and in particular his solo, unsupported kayaking expedition across the Atlantic in 2001.

Speaking from his personal personal experience he encouraged the students to be courageous and persistent in their efforts. Students were congratulated on their achievements so far, and were given Bronze and Silver awards.

A huge congratulations to year 10 and 11 students for being awarded their Bronze DofE award. They worked exceptionally hard in all areas, showing excellent team work and resilience in their final overnight assessed expeditions. Its great to see many of the students continuing with the award and are currently working towards their Silver.

We currently have 55 new Bronze students who are all being put through their paces for their final expedition and completion of their award later this year.

Any student interested in taking part please contact Mrs Clemence or Miss Banks.
