Scholars Programme Launch

Twelve students were selected to attend a launch event at Bath University recently.

Students were given the opportunity to receive two university lectures and a tutorial with their PhD lecturer who will be working with them to complete their research project.

Over the next 8 weeks they will be working with Dr Kerrie Bramhall in school on 'Re-Imagining the Past: The Photograph as a Witness in Turkey Kurdistan'.

The students demonstrated that they had real insight into the use of photographs as a historical witness and left the university with their first piece of research, keen to get started.

WE NEED YOUR HELP!

In support of the RLG Dance event 2019, we have been lucky enough to have been offered the opportunity by Tesco to be involved

in the token scheme. Tesco customers can deposit their blue token into one of three boxes with the most chosen project being given £4000.

To us, £4000 will secure the future for this dance event for many years to come and ensure that a minimum of 300 children each year get the chance to dance and for hundreds of people to experience an inspirational evening in our town.

We are asking you to:

- Go into Tesco and drop your token into the RLG box
- Contact as many of your extended families to do the same
- Like and share this information which is on our Facebook page – RLG Dance 2019

The voting is live now and you will be able to vote until the end of February. THANK YOU!

Gyotaku

Year 10 art students enjoyed the opportunity to try a traditional Japanese method of fish printing, a practice which dates back to the mid-1800s.

Students had a variety of fish, which they painted and gently pressed paper over the top of the painted fish to transfer the details of the fish onto the paper. This method of printing was originally used by Japanese fishermen to record the size of the fish which they had caught.

GSUS Bus

Students were invited onboard the GSUS bus this week to take part in an interactive Christian moral experience.

Students were presented with a variety of scenarios which

contained a moral dilemma, then chose which course of action they would follow. Students were very reflective following the exercise and found the experience to be thought provoking.
