Dare to Be Different

Written by Zoe Eddy, Year 7

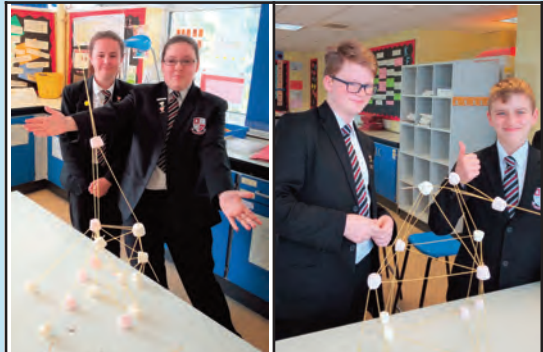

On Wednesday 1st May, 12 girls went to Truro High School. This visit was designed to inspire girls to consider choosing a career which is usually dominated by men. We took part in several activities. The Pit Stop Challenge where we had to change the

tyres on a car in under 1 minute. We went to look at a F1 reaction test. We had life saving procedure training and finally we made a car out of a plastic bottle. It was great fun!

Science Club

Who knew building projects could be tasty? 3 teams competing to build the highest tower with limited resources. Well done girls; worthy winners. Certainly the highest tower and definitely the sturdiest. Good effort boys. If only you could have cured the collapse at the top.

Forms Deadline

September. Please return their admission form by **Friday 17th May**.
